

### GUARDS AND CREWS OF THREE CARS REMOVED

TULSA, Okla., July 22.—Armed guards, motormen and conductors on three interurban cars of the Oklahoma Union Railway Company were removed from the cars and dispersed by an angry mob of a thousand strike sympathizers eight miles west of Tulsa on the Tulsa-Sapulpa line shortly before midnight. After they were dispersed the mob released the strike breakers.

The company's track was torn up and telephone posts supporting the trolley line cut down, but there was no damage done to the cars. At midnight several hundred sympathizers of the striking carmen still were at the scene of the stranded cars. The car operators went on strike several weeks ago when the Oklahoma Union Railway refused to recognize their union.

### MISTAKE REVEALS BETRAYAL OF HUN PLANS TO YANKS

Clerk's Error in Including Two Teuton "Prisoners" on Transport's Roster Gives Away Guarded Army Secret

WASHINGTON, July 22.—A story of the betrayal of the German high command through the efforts of the American military secret service and of the organization among German officers of a vendetta aimed at the lives of the traitors was brought to light with the arrival at New York today of two German prisoners of war assigned to the director of military intelligence, Washington, D. C.

According to information here, the mysterious prisoners who landed from the steamship Agamemnon under heavy guard formerly were German officers of high rank, occupying positions of great responsibility under Von Hindenburg. Before the inauguration of the American offensive in 1918 operations of the American military intelligence corps prevailed upon them, through inducements which have not been divulged to deliver plans of the German general staff covering the proposed movements on the western front, probable lines of retreat, points at which stands would be made and other detailed information of inestimable value.

With these plans before him, Gen. Pershing was able to lay out his campaign with great freedom and it is believed that a result was to cut the cost of the American advance practically in half.

The German officers later surrendered themselves to the American forces. Certain of their former associates had become suspicious, however, and are believed to have banded together to mete out stern justice. Utmost precautions were taken even within the allied lines to protect the informers, but as officials believed that as long as they were kept in France their lives would be in danger, orders were given for their transfer to this country.

Preparations for the moving of the prisoners were kept a close secret and it was only through the carelessness of some clerk that they were included in the roster of the Agamemnon when she left France.

The plan was to send the prisoners to some isolated army post where they might be given military protection for a time. Eventually, it is supposed, they would have been permitted to "escape" to some other country, there to begin their lives anew. Officials will not say whether this plan can be safely followed now.

### BANKS ARE ACTIVE IN COLUMBUS THIS SUMMER

COLUMBUS, Miss., July 22. (Sp.)—For a number of years past it has been the custom of local banks to close at 2 o'clock each afternoon during the heated term, but business has been so brisk this summer that they have been forced to abandon this custom, and now remain open until 3 p.m. The increase in business is due largely to the active activity in industrial and real estate transactions.

Thousands of dollars' worth of property has changed hands during the past few months, and practically all of the purchases are being extended in payments. Much of the property is located in territory near the business district, and many old residences are being torn down to make room for new structures which will be used for commercial purposes. Other property is being purchased by former residents of other cities and towns who have decided to come here to live. Several men of this class will shortly be in Columbus, other are coming to Columbus for the specific purpose of availing themselves of its unusually fine educational advantages.

While nothing has been said with reference to her becoming a partner in the office of Campbell & Campbell, of this city, it is altogether probable that she will be taken into the firm and will share the business of her father and brother, Judge T. H. Campbell and Mayor T. H. Campbell, Jr. She will present her certificate from the examiners when circuit court meets here in October and will be granted a license as a member of the state's bar by the circuit judge.

## Are You Wasting

# 1—TIME 2—ENERGY? 3—MONEY?

**EVERY person MUST SPEND every day, every hour and every minute—some Time—some Energy and some Money!**

Are you spending these three all-important possessions WISELY? Ask yourself that question!

Are you WASTING any more than a NECESSARY amount of your TIME?

Remember, that while the Bible allots a man "three-score and ten," or seventy, years, life insurance companies fix Anticipation at much less. In plain words, statistics tend to show that the average person lives A VERY SHORT TIME INDEED; therefore, of all other earthly possessions TIME is by far the most VALUABLE, in some respects.

And ENERGY! Do you waste it any MORE than circumstances and conditions demand? Energy is the POWER that keeps us going. Wasted POWER BRINGS NO REWARDS! Niagara Falls, from the standpoint of usefulness was a great waste of Power until harnessed, when it became a great source of production.

And the SAME RULE applies in our LIVES daily. No one can afford to waste ENERGY!

Money is a "medium of exchange" ONLY. A silver dollar is the same in SIZE AND IN LOOKS as it was five years ago. And yet the purchasing power of a dollar today is LESS BY HALF than it was five years ago!

This fact is in a large part RESPONSIBLE for much of the "feeling of unrest" existing ALL OVER THE WORLD today. People FAIL TO REALIZE that while EARNINGS, as measured in dollars, are GREATER than ever, the RATIO OR PROPORTION between EARNINGS and EXPENSES is LESS. They are ENCOURAGED to spend MORE FREELY than ever by regarding INCREASED EARNINGS as a sign of prosperity, rather than regarding the PURCHASING POWER of these EARNINGS correctly and PROPERLY.

The American people HAVE NOT as yet counted the COST OF THE RECENT WAR nor the URGENT NEED of SAVING MONEY NOW as never before!

Facing the situation squarely, no one can AFFORD TO WASTE TIME, ENERGY OR MONEY! Moreover, for the SAFETY of all of us our TIME should be WELL SPENT, our ENERGIES CONSERVED and our MONEY SAVED. Food, raiment and shelter are ESSENTIALS. Of the three, FOOD is the MOST IMPORTANT. We can get along without RAIMENT or SHELTER much LONGER than we can do without FOOD.

Food being the most IMPORTANT deserves the most CONSIDERATION. Consideration, in this instance, means THOUGHT GIVEN the factors TIME, ENERGY and MONEY spent in obtaining FOOD.

If you waste TIME or ENERGY in obtaining FOOD you have unconsciously WASTED MONEY. There is NO NEED OF WASTING either or any of the three, when there is a SURE WAY OF SAVING OR CONSERVING!

That SURE WAY is to SYSTEMATICALLY BUY for cash WHAT you need in the way of FOOD, WHEN NEEDED and in the QUANTITIES NEEDED—at the Bowers Stores.

### Danger Lurks In Summer Foods For Babies

EVERY mother knows the evil effects of summer heat on cow's milk. This danger is equally great to all foods unless carefully kept in a cool place away from insects.

Bad food loses its nourishing value. It causes constipation and diarrhea. These are at best always prevalent in the summer time. They depress the mind and weaken the body, and may cause more serious illness.

The first precaution is to see that the stools are regular and normal. In the case of babies and children, if less than twice a day you may suspect constipation; if more than three times a day, diarrhea. A remedy is then

needed that will regulate and tone the bowels, and you will find none safer and better than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that millions of mothers constantly have in the house for just such purposes.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. A free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 460 Washington St., Monticello, Ill.

### YOU DON'T HAVE TO BE "PICKY" ABOUT WHAT YOU EAT

Take That Wonderful Tonic. Pepsinol—and Forget That You Have a Stomach.

Don't go through life mislaid the good, nourishing, appetizing foods that your family and friends don't agree with simply because they don't agree with you. The sensible thing to do is to attack and get rid of your stomach and other troubles so that practically all foods will agree with you. First, call on Pepsinol as your appetizer so you can eat with zest. Let Pepsinol show you what a wonderful digestive tonic it is. Give Pepsinol a chance to tone up your stomach and last, but not least, let Pepsinol with its gentle laxative properties, expel the undigested food by keeping the bowels active.

If you take this course, you needn't be "picky" about what you eat. You can eat almost anything—enjoy a good square meal without any fear of indigestion, strength building, reconstructive tonic. It makes you feel active and spry. It gives you energy and vitality—that "up-and-go" feeling that comes from a mentally and physically robust system.

You will "go to" Pepsinol because it has tang—taste that is palatable and appetizing. Pepsinol can do you nothing but good for it contains nothing but pure, wholesome tonic ingredients. When you think of "pep" think of Pepsinol. Genuine Pepsinol is made only by The Pepsin Medicine Co., Memphis, Tenn., and is in strict accordance with the Medical Standards of the United States Pharmacopoeia. To be convenient for everybody and yet to prevent substitutes being sold for Pepsinol, we have appointed a special "Pepsinol Agent" in each section of Memphis. Look for the "Pepsinol Agent" in your locality.

**BRODNAX, INC. BUYS MAIN ST. STORES**

Remodeled Building Will Make Handsome Home for Jewelry Concern.

An important transaction in valuable Main street business property closed Monday, when the jewelry firm of George T. Brodnax, Inc., purchased from Mrs. Mary M. Coffin two buildings in the heart of the Memphis business district—the building now occupied by the Brodnax store at 22 South Main street, and the adjoining building on the north side occupied by the B. H. Clark & Bros. Inc., bookellers and stationers—for a sum said to be in excess of \$200,000. The buildings are three stories with basement and have

a frontage of 40 feet on Main street, extending south from the alley between Madison and Monroe avenues, with a depth of 144½ feet.

W. W. Despres, president of the Brodnax company, announced that the buildings will be practically rebuilt as soon as possession of the Clark building can be obtained. All the interior walls and partitions are to be removed, throwing the entire floor space of each story into one big business room. There is to be a handsome new front of stone, terra cotta and plate glass from the ground to the top of the building. Plans for the remodeling of the buildings have not been drawn, but Mr. Despres says that no pains will be spared to make it one of the handsomest buildings on Main street, both from the exterior and on the interior.
